Sir,

I have the honor to request to be informed how the Charge allowance to Hospital Assistants in Charge of Local Fund Dispensaries is to be disposed of during their absence on Casual or privilege leave, whether they are to continue to draw it during such absence or if the acting man is to draw it or if an hospital Assistant were ordered in from Charge of a dispensary to do duty at District head quarters if he is for the time to lose his Charge allowance even though the move was made in the interests of the public service.

To

The Hon'ble Surgeon and Sec.y Govt

Sir,

With reference to the first query contained in your letter No 1398 of the 2nd instant, whether an hospital Assistant in Charge of a Local Fund Dispensary is entitled to draw the Charge allowance while on privilege or Casual leave, I have the honor

To

to state that under Rule 5 of Section 76 of the Civil Service Code, the local allowance may be drawn by the Officer on privilege leave, provided it is not drawn by his locum tenens.

As regards the 2nd Query in the case of an Hospital Assistant absent from Office through deputation, I have to state that under Section 14 of the Civil Leave Code, the Hospital Assistant may draw so much of the allowance as is not paid to his substitute provided the absence does not exceed a Month.

I have &c

To
The Comptroller of Mysore

Sir,

With reference to your letter No 1817 dated 6th instant, I have the honor to state that I shall be much obliged for a definite settlement of the Question of these allowances if you feel in a position to make it.

2. Para I of your letter says that the local allowance may be drawn by the Officer on privilege Leave provided it is not drawn by his locum tenens. Of Course the latter will draw it if he can and so will the former. What I want to know is who is entitled to draw it according to rule as it is not likely either would practice self denial in the matter
